

Become a Member of Art Tours, Etc. and get closer to the art community!

[Art Tours, Etc.](#) has been organizing arts and cultural events since 2009. Our art tours have taken you to the most important galleries, fairs, museums and artists' studios, while our other programs brought you private art history presentations, exhibitions, and discussion sessions that have activated your creativity and intellect.

Our activities include the following programs:

- Guided art tours that introduce you to leading gallerists and artists
- Art presentations and discussion groups focusing on important art movements with historical analysis, through *Is It Art? Series*, *Art in Switzerland*, and *Art in France*.
- *Kunstkino Abend* – art films and documentaries followed by discussion
- *The Art Circle* – panel discussions with artists about contemporary art and societal issues
- Art exhibitions and Vernissages

Now Art Tours, Etc. launches its exclusive membership program. By paying annual dues, you will have the opportunity to get even closer to the arts and cultural community in Switzerland, with private events that will inspire and engage you, while connecting you to other like-minded individuals with whom you can share your passion for, and interests in, culture. Paying an annual membership is also efficient - most of the work associated with event enrollment can be eliminated depending on the level of membership you choose.

We are offering several membership levels so everyone can take advantage of our programs. Our close-knit group meets regularly and by becoming a member, you too can establish close ties with others interested in art and culture.

If you need advice on starting an art collection or just purchasing art, we have options for you as well.

Basic membership - 30fr per year

- 20% off all our ticketed events
- a special invitation to each of the exhibitions that we organize with a guided tour of the show.
